PERSONAL PROFILE

MSc Computer Science student at the University of Huddersfield with a BCA and hands-on experience cleaning, organising and analysing structured data for reporting. Skilled in Python, SQL and Excel, with practical analytics experience from a volunteer Data Analyst role and from Quantium and Deloitte data analytics job simulations covering data preparation, customer analysis and dashboards. Detail-oriented and reliable, and seeking a junior, graduate Data Analyst role.

KEY SKILLS

Data analysis: Python, SQL, Microsoft Excel, data cleaning, data organisation, data quality checks
Reporting: data visualisation, dashboards, data summaries for decision-making, Microsoft Office
Web: HTML, CSS
Professional: analytical thinking, problem solving, attention to detail, communication, teamwork

EDUCATION

MSc Computer Science Current
University of Huddersfield

Bachelor of Computer Applications (BCA) CGPA 7.6/10
Guru Gobind Singh Indraprastha University (GGSIPU), Delhi, India

WORK EXPERIENCE

Data Analyst (Volunteer) Jan 2026 – Aug 2026
Nipun Technologies

- Cleaned, organised and structured business data in spreadsheets so it was accurate and ready for reporting.
- Reviewed numerical datasets to identify errors, gaps and inconsistencies, improving data quality before analysis.
- Prepared data summaries to support reporting and day-to-day business decisions.
- Worked independently on analysis tasks, taking ownership from raw data through to finished output.

Front-End Developer Intern Jun 2025 – Jul 2026
CODTECH IT Solutions Private Limited

- Built and updated user-facing web pages using HTML and CSS to agree project requirements.
- Delivered tasks to deadlines within a professional development team.
- Diagnosed and fixed front-end issues, strengthening debugging and structured problem-solving skills.

DATA ANALYTICS JOB SIMULATIONS

Data Analytics Job Simulation – Quantium Forage

- Prepared and analysed transaction and customer data and identified the customer segments driving sales.
- Evaluated trial store performance against control stores to judge whether a store trial was successful.

Data Analytics Job Simulation – Deloitte Forage

- Analysed business data, built a dashboard to present findings and classified data in Excel to support decisions.

CERTIFICATIONS

Forage job simulations: HPE Software Engineering; Accenture UK Developer Programme; Commonwealth Bank Cybersecurity Fundamentals; Lloyds Banking Group UX Design Advanced.
